Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41

DC submits report

a month back; Govt. yet to act

When *SOM* contacted the K.R. Constituency MLA M.K. Somashekar this morning, he said that the papers sent by the DC and the RC are now with the Revenue Secretary and soon it will go to the Cabinet for approval. He was confident the approval would be given and the problem of MUDA layout owners would be solved satisfactorily.

Mysuru, May 19 (RK&BCT)- Deputy Commissioner (DC) D. Randeep has submitted a report to the government with his recommendations regarding the "B-Kharab" classification of Kurubarahalli Survey No. 4 and other layouts namely Alanahalli, K.C. Nagar, Vidyanagar and Income Tax Layouts coming under Alanahalli Survey No. 41.

The unscientific classification of a vast expanse of the land as "B Kharab" (government land) all of a sudden at the instance of the then MLC, G. Madhusudhan, about three years back has resulted in non-issue of 'khatas', title deeds, building plans, completion certificates, etc., thus legally disabling the residents of the said areas from selling their properties, mortgaging them to raise loans or to partition properties or to raise loans to meet their commitments.

Speaking to *Star of Mysore* yesterday, DC Randeep said that he had submitted a report to the State Government a month back through Regional Commissioner (RC) M.V. Jayanthi and had sent a copy of the report to the Principal Secretary, Revenue Department. "I am not aware if the Regional Commissioner has drawn the attention of the government regarding the issue," he said.

The Regional Commissioner was, however, not available for comments.

Briefly disclosing the contents of the report submitted by him, the DC said that the layouts were formed in 1970 by the then City Improvement Trust Board (CITB), now Mysuru Urban Development Authority (MUDA)) and the residents have the right to receive the land documents and their problems must be solved on priority.

"Regarding the remaining layouts and private properties, I have recommended that action could be taken in consultation with the Principal Secretary, Legal Department and legal experts. **There are over 30 cases pending in the Karnataka High Court regarding private properties in the said survey numbers and a solution can be found for this as per the provisions of Land Revenue Act," he said.**

(See DC SUBMITS REPORT on page 17)

More rain assured in coming days

Mysuru, May 19 (NNN)- The city recorded 40.3 mm rainfall last night, the highest so far this year. The rain, accompanied by strong winds and thunder, threw normal life out of gear, as many trees fell, traffic was disrupted and a few areas plunged into darkness as power supply was hit. Speaking to *SOM*, Naganahalli Organic Farming Research Station Nodal Officer Dr. C. Govindaraju said, "This is the highest rainfall that the city has recorded between Jan-May this year. We are confident of an assured rainfall in coming days."

Mysuru, Friday 19th May 2017

Enduring *subject*, expanding *matter*

At the outset, let it be stated, both the terms of this column's caption, written in italics font, are synonymous as it were, referring to the most talked about as well as the most ubiquitous stuff namely garbage, loaded by citizens on the back of urban local bodies everywhere, including the hapless Mysuru City Corporation. Euphemistically, the stuff is identified as domestic residue, municipal waste, construction debris and so on, wrongly perceived as rubbish and valueless, unaware of the famous equation of the celebrated Physicist Albert Einstein (1879-1955) connecting *matter* with *energy*, one being seemingly inert and the other yielding enormous power. While many urban local bodies across the country, including some in Karnataka, have set up facilities to gather garbage at source, move the mass to a central place, segregate the components into biodegradable and hazardous to convert into manure and fillings, their effort has been far outstripped by the mass of *expanding* matter day after day. Public debates, as in Mysuru, on managing the waste, or call it by any other name, has turned out to be centred on an *enduring* subject.

Even as one was under the impression that the countries of the western world had virtually licked the problem of gargantuan garbage menace, dominated by plastic in all its all-too-familiar forms such as shopping bags and a multitude of manufactured goods such as electronic devices like the mobile phones and laptops, disturbing news of an island in Pacific Ocean hosting 35 million plastic products has just been published in the media.

The *profile* of garbage in days ahead is bound to change dramatically on various counts, most of all the *rising rate* of its additional mass joining the mountainous backlog lying on the lap of the civic bodies, with no clue on where to move it and how to deal with it, both points more bewildering than dealing with deadly diseases such as cancer. The change in the demonic image of garbage becomes clear on taking into account the debris of falling multi-storeyed buildings, all kinds of automobiles that are heading to be junked by a decision of the government which is about to be implemented. Now the question is: Who are to be vested with the task of *managing* garbage in future? The answer appears to point the finger towards citizens, the actual generators of the offending stuff.

We are in an era of *estimating* any matter that yields to be portrayed quantitatively, such as human head count, wealth of the nation (GDP), food crop raised annually and so on. In the days of past, people *anticipated* in advance and braced for action. Arm Chair estimation and prescribing remedies while enjoying the comfort of office is the name of the game as garbage continues to engulf living spaces.

EDITOR'S BOTTOMLINE

The craze for admissions to private, high-fee charging schools, ironically called "public schools' is indeed a national phenomenon. School managements know this and unhesitatingly fleece the parents. School fee hikes are too unreasonable, exploitative and unpredictable. Having suffered quietly for decades together, aggrieved parents have now decided to raise their collective voice. State governments have realised the need to regulate fee structures in these schools through legislation and Ordinances. Obviously, exceptions apart, entrepreneurs who entered the business of education that promised 'assured risk-free dividends' are unhappy about it. Parents insist that it is the duty of the State to regulate, while managements find it an uncalled for intrusion on their 'rights'!

One is, incidentally, reminded of the letter Mahatma Gandhi wrote to the Director General of UNESCO before the finalisation of the Universal Declaration of Human Rights Charter. The essence contained in it was that "if everyone does his duty, everyone will get his rights." We all need rules, regulations and restrictions, whether we like it or not.

— J. S. Rajput in The New Sunday Express

NEWS SPARKLERS

This pastor owns God's phone number!

Harare: Paul Sanyangore, a controversial pastor from Zimbabwe claims that he received God's phone number from the Almighty Himself, and often receives calls from Him on how to best help his congregates.

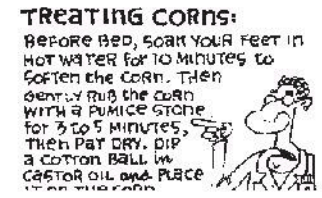
Sanyangore, who also goes by the name "Pastor Talent," first made the outrageous claim in February, after a video of him allegedly talking on the phone with God during a service at his church, Victory World International Ministries, went viral on social media. In an interview with Zimbabwean news site *H-Metro,* he revealed that he was indeed on the phone with the Almighty, adding that he was surprised to see people so shocked about the whole thing. And if that wasn't weird enough, Paul Sanyangore then went on to say that he would be launching a new show on his church's television channel, Victory TV, called "Heaven Online," where more of his phone conversations with God could be heard.

Plastic Pollution

Henderson Island: One of the last things you would normally expect to find on an uninhabited island in the South Pacific is plastic, and yet the beaches of Henderson Island are riddled with nearly 40 million pieces of plastic. According to a recent report published in the in "Proceedings of the National Academy of Sciences" journal, Henderson Island currently has zero inhabitants and around 17 tonnes of plastic trash, which is washing up on its shores every single day. The tiny patch of land has been found by marine scientists to have the highest density of debris recorded anywhere in the world. Even though Henderson Island is located at the edge of a vortex of ocean currents known as the South Pacific gyre, when a team of marine scientists travelled to the small uninhabited island, they didn't expect to find tonnes of plastic everywhere. The expedition that revealed this unlikely plastic graveyard was conducted in 2015, when the marine scientists led by Jennifer Lavers spent three months on the island conducting research. By their calculations, Henderson Island is now home to over 17.6 tonnes of trash.

HEALTH CAPSULE by Bron Smith

What caused the corn on my toe?



TREATING CORNS:
BEFORE BED, SOAK YOUR FEET IN HOT WATER FOR 10 MINUTES TO SOFTEN THE CORN. THEN GENTLY RUB THE CORN WITH A PUMICE STONE FOR 3 TO 5 MINUTES, THEN PAT DRY. DIP A COTTON BALL IN CASTOR OIL AND PLACE

Pressure spots between the toes can cause a thickening of the skin over time. The result is the horny skin that we call a corn. Corns commonly occur between the fourth and fifth toes. They are also associated with hammertoe.

** Health Capsules is not intended to be of a diagnostic nature.*

VOICE OF THE READER

More on "limestone paste"

Sir,

The Karnataka State Food Safety Commissioner has banned, inter alia, the sale of "limestone paste" which is used in the preparation of *paan beeda* in packets and tubes (*SOM* dated May 16). I am afraid, there has been some mix-up in the nomenclature.

The mineral, calcium carbonate, occurs in several forms: Limestone, Chalk, Calcite, Marble, etc. Limestone is almost insoluble in water. A "limestone paste" is, therefore, impossible.

Limestone, on heating, yields quicklime (calcium oxide). This quicklime further reacts violently with water and yields slaked lime (calcium hydroxide) — a white amorphous powder. However, slaked lime is very sparingly soluble in water, resulting in a white paste. It is this 'lime-paste' which is used in the preparation of *paan beeda*.

PS: A suspension of slaked lime in water is known as milk of lime. It is used as a coating for the brick and mortar walls of buildings. The coating serves as a weather-coat. However, on prolonged exposure to atmosphere, the slaked lime (calcium hydroxide) reacts with carbon dioxide and water present in the air to form calcium carbonate. The carbonate gets peeled off as flakes.

Heavy rains wreak havoc

Trees fall, power lines cut, water enters houses

Mysuru, May 19 (RK&NNN)- Heavy rains lashed the city last night accompanied by strong winds and thunder, throwing normal life out of gear. Many trees fell and power lines snapped plunging a few areas into darkness.

Though there was a slight drizzle in the morning yesterday and the weather was cloudy, it stopped raining later. However, around 8 pm thick clouds gathered and by 10.30 pm it started raining heavily and continued to pour until early hours of today. There were no untoward incidents reported in spite of branches of trees falling in areas like Gokulam, Vinayaknagar, Vidyaranyapuram, Manasagangothri, and Vontikoppal.

There were puddles of water in the Oval track opposite the Crawford Hall and the early morning walkers and joggers were unhappy to see so much of rainwater. The reason for so much water accumulation is that the ground still does not have a proper drainage facility and this in spite of lots of money being spent to lay an international track, said the walkers.

Drain water was overflowing near CITB choultry in Hebbal affecting flow of traffic this morning. There was no power in Hebbal first, second and third stage since midnight. Rainwater entered houses in low lying area Manjunathapura, near Yadavagiri and the residents had to pump water out of their houses.

With CESC taking preventive measures by cutting branches of trees on Adichunchangiri Road in Kuvempunagar, no tree or branches fell. However, despite several complaints to the authorities concerned to remove the tree which was leaning dangerously in Gokulam 3rd Stage here, no action was taken which has resulted in the tree being uprooted due to rains yesterday and has fallen on the house of one H.R. Balakrishna in the locality, damaging the building.

The Oval Grounds opposite Crawford Hall resembling a pond.

An electric pole was bent when a huge tree on the road connecting Bogadi and Hunsur road near SDN Wadiyar Cricket Stadium was uprooted and fell on it.

The rainwater also entered more than 40 houses in Siddartha Layout due to lack of storm water drain facility. A resident of the area Chidambar said that since there is no coordination between Karanji Kere and Zoo authorities, the storm water drain has not been built and this results in flooding of water in the houses. This problem has persisted and no action is being taken, he charged.

Rain enters Coroporation building

The rain did not spare even the heritage building of the Mysore City Corporation (MCC) as it entered the leaking pipes from the rooftop. This resulted in the water spilling into the record room where the birth and death certificates are kept. Several other records and computer wires also are damaged. Corporator Balasubramanya (Snake Shyam) on hearing the news rushed to the Corporation along with the Abhaya team and tried to shift the records to a safer place.

"The Abhaya staff was working hard and they did not have anything to eat. It is sad that the MCC does not care for its staff. I then went to a hotel in Mandi Mohalla and got them food," he told *Star of Mysore*.

Despite giving several complaints to the authorities concerned to remove the tree which was leaning dangerously in Gokulam 3rd Stage, no action was taken. This resulted in the tree being uprooted due to rains yesterday and falling on the house of one H.R. Balakrishna.

A car was damaged as a tree came crashing down at Lakshmipuram.

Farmer pays a heavy price for CM's development works

Bylakuppe, May 19 (Shivanna& KS)- Standing crops have been destroyed by some "overenthusiastic" officials at Periyapatna to make way for Chief Minister Siddharamaiah who is coming to a village to launch a development project.

Farmer Nagaraju of Mutthina Mullusoge village in Periyapatna taluk has alleged that the officials brought a JCB to level the fields that had healthy standing crops to construct a road.

He alleged that he had grown black-eyed beans, green gram, urad dal and sesame in his three-acre and 33 guntas land on Survey No. 54(P) 1, near Chowdeshwari Temple in Mutthina Mullusoge village. "The officials destroyed all my crops using a JCB to make a road for the CM who is coming here this month-end to perform guddali puja for a project to fill 133 lakes and 17 ponds with Cauvery water," he said. "They did not even have the courtesy to even inform me that the road had to be made," he said.

Nagaraju said that he belonged to the backward class and had taken loans and had grown the crops which are destroyed now. He has asked the officials to immediately stop constructing the road and demanded compensation.

Senior Journalist from Bengaluru Ravindra Bhat will inaugurate the programme. Melukote Vangipura Mutt Seer Ilai Alwar Swamiji will grace the occasion. For details, call Mob: 95385-22053.

Police 'Janaspandana' cancelled as Police themselves fail to show up !

Mysuru, May 19 (YDS&NNN)- *Janaspandana*, the Public Contact programme called by the District Superintendent of Police at his office in Nazarbad yesterday was abruptly cancelled and left the people who had come with scores of complaints fuming.

About ten people from different taluks had come to attend the meeting and share their grievances with SP Ravi D. Channannavar. However, the SP had to leave on some urgent work to Talakad and no other official came to receive the people's complaints in spite of waiting for more than half-an-hour. It was after some time that a Police official finally came, found out the problems and registered the complaints. Mallajamma, **a resident of Sinduvalli in Kadakola taluk had filed a complaint against her neighbour, who had allegedly encroached the road next to her farm that has left the people without a road to use.**

People waiting to share their grievances with Police officers at Janaspandana yesterday.

The officials, responding to the complaint, had cleared the encroachment and even put up a signboard. But the signboard has been removed and the road encroached upon again, she stated in her complaint.

Mahadevamma, a resident of Hanogodu in Hunsur taluk registered a complaint **that in spite of the court ordering that seven acres of land be returned to Beeregowda, his brothers Subbegowda, Nagegowda had not returned it.**

A fan of SP Ravi D. Channannavar, who had come all the way from Belagavi to share his problems had to return disappointed as the SP was away.

When this reporter asked Mallajamma why the Police did not take any action about her complaint, she said, that was the reason why she came here so that she can now complain to the SP himself. The Same was the case with Mahadevamma, who said people in her village did not care for the court orders because the influential people had the support of the local Police. She also said, that was the reason why she came to meet the SP.

Anurag Tiwari's death: Post-mortem report inconclusive; viscera saved

Lucknow/Bengaluru, May 19- The post-mortem examination of Anurag Tiwari's body at Lucknow has failed to conclusively ascertain the cause of his death. The autopsy report mentioned "asphyxia, cause? Hence viscera and blood samples preserved for chemical analysis and heart preserved for histopathological examination."

Anurag Tiwari

A panel of four doctors had conducted the post-mortem examination of the body.

Even as the post-mortem report remained 'inconclusive,' Lucknow Police Chief Deepak Kumar said that the samples would be sent to the Forensic Science Laboratory (FSL) for examination. Kumar had on Wednesday, attributed the death to 'traumatic injury' and said that there was an injury mark on Tiwari's chin.

Tiwari, who was the Commissioner, Food and Civil Supplies Department in Karnataka, had arrived in Lucknow from Mussoorie in Uttarakhand after undergoing training and had been staying at the Meerabai Guest House in Lucknow. His body was found lying on the side of a road, a few metres away from the Guest House on Wednesday morning.

Meanwhile, the mystery behind his death acquired political overtones in Lucknow on Thursday.

The BJP-led Government sought to link Tiwari's death to what it claimed was the IAS officer's role in 'exposing' a scam worth over Rs. 2,000 crore in Congress-ruled Karnataka.

UP Minister for Parliamentary Affairs Suresh Kumar Khanna said in the Assembly on Thursday that 'The family of the officer said that he was about to expose a big scam in Karnataka.' Pointing out that there was nothing to hide, Khanna said the Government will probe the matter and the guilty will not be spared. In Bengaluru, Karnataka Food & Civil Supplies Minister U.T. Khader on Thursday said Tiwari had not brought any scam in the department to his notice. "He (Tiwari) never mentioned about any scam. He was also in- charge of the Karnataka Food and Supplies Corporation. If there was any such scam, he would have brought it to my notice,' Khader said.

Tiwari's stint as Kodagu DC remembered

Madikeri, May 19- The Kodagu District Administration has condoled the death of IAS officer Anurag Tiwari, who had served as Kodagu DC from Aug. 15, 2013 to June 22, 2015.

Speaking at the condolence meeting at the DC's office here yesterday, DC Dr. Richard Vincent D'Souza said Tiwari's untimely death had brought grief to the people of Kodagu.

He pointed out that Tiwari will always remain in the heart of the people for his creative thinking and transparency.

SP P. Rajendra Prasad, Additional DC M. Satish Kumar, ZP CEO Charulatha Somal, BCM officer K. V. Suresh, Women and Child Welfare Deputy Director Mumtaz, Tahsildar Kusuma and a host of other officials took part in the meeting.

KULBHUSHAN JADHAV CASE

UN Court stays hanging; Modi Govt. says will do everything to save him

New Delhi, May 19- The International Court of Justice (ICJ) said yesterday that Pakistan cannot hang Kulbhushan Jadhav for now. The World Court ordered Islamabad to give consular access to Jadhav.

Jadhav

"Pakistan shall take all measures to ensure that Jadhav is not hanged until a final decision by the court", said ICJ Judge Ronny Abraham. "The circumstances of his arrest are in dispute... India should have been given consular access as per Vienna Convention."

Pronouncing the court's order, Abraham said the ICJ had jurisdiction in the matter. The top UN Court told Pakistan to take all possible measures to ensure that Jadhav is not executed before the International Court gives its final verdict. It also told Pakistan to give consular access to India.

With the first battle won at the International Court of Justice, former Solicitor General Harish Salve said India has two plans to get justice for the 46-year-old former Naval officer. One of the leading legal brains in the country, Salve had led the battery of lawyers to structure India's case at the ICJ.

Talking of the road ahead, Salve said the 'Plan A' is the option to argue that such "violation of human rights must compel the man being released."

The other option, he said, was to demand for an annulment of the death sentence. "Get him proper legal representation and then let him be tried in a manner acceptable to civilised society," he added. After the verdict yesterday, Foreign Minister Sushma Swaraj tweeted, "I assure the nation that under the leadership of Prime Minister Narendra Modi, we will leave no stone unturned to save Kulbhushan Jadhav."

Congress Office site row resolved

Mysuru, May 19-The row over the City Congress Office site near city Railway Station seems to have finally ended with the Congress getting back the property after a 30-year legal battle.

The government had allotted a 11,000 sq.ft land *(see pic.)* adjoining the city Railway Station to the Congress party on a 99-year lease, for the construction of Congress Bhavan, on January 27, 1967. It had stipulated an annual rent of Rs. 12 and the allotment letter mentioned that the land be used for construction of Congress office building.

The change in political scenario in the 1980s saw a private Trust by name **D. Devaraj Urs Social, Economical, Political and Educational Trust,** claiming its right over the land. The Congress moved the Court and succeeded in getting back the site. But the row continued with the Trust refusing to give up.

However, recently, D. Devaraj Urs Trust passed a resolution and handed over the site to the Congress along with the land records, for the construction of Congress Bhavan.

Minister Tanveer Sait, who is also the President of the Trust, on May 16, handed over a copy of the resolution passed at the meeting and also the site records to Chief Minister Siddharamaiah and KPCC President Dr. G. Parameshwara *(see pic)*. A copy of the documents was also handed over to District in-charge Minister Dr. H.C. Mahadevappa.

City Congress President R. Murthy, General Secretary M. Shivanna, ZAK Chairperson Mallige Veeresh, D. Devaraj Urs Trust's Trustee Nagabhushan Tiwari and others were present.

It is interesting to note that the then Prime Minister and AICC President Indira Gandhi had laid the foundation stone for Congress Bhavan at the site during her visit to Mysuru.

It is learnt that S.M. Krishna as CM had announced Rs. 10 lakh for the construction of the Bhavan. Dr. Parameshwara, who too visited the site a couple of months ago, had announced Rs. 25 lakh for the construction of the building and Rs. 5 lakh for compound wall while the CM had announced Rs. 1 crore.

Recently, the KPCC had passed a resolution giving its nod for the construction of Congress Bhavan at the said site.

New KPCC President likely to be announced on May 28

Bengaluru, May 19- With the Congress High Command contemplating replacement of KPCC Chief, the party is likely to announce the new appointee on May 28, according to sources.

The Congress party in-charge of Karnataka K.C. Venugopal, who recently undertook a three-day visit to Bengaluru along with four AICC Secretaries, is said to have submitted a report to the Party High Command. The Congress High Command is likely to announce the new KPCC President on May 28.

Meanwhile, it is learnt that senior Congress leader from North Karnataka S.R. Patil is the front-runner for the post.

Monsoon Session from June 5

Bengaluru, May 19- The State Cabinet, which met here on Wednesday, has decided to hold a 10-day Monsoon Session of the State Legislature from June 5.

Law and Parliamentary Affairs Minister T.B. Jayachandra said that the Session may be extended if need be. Pointing out that this is an extended budget session, he said the CM, who also holds the Finance portfolio, will seek house approval for the full-scale budget presented in March.

BJP launches drought study tour

Tumakuru, May 19- With the State reeling under the worst drought in over four decades, the main opposition BJP yesterday launched drought study tour of the State from Tumakuru.

The BJP leaders including State BJP President B.S. Yeddyurappa, Union Minister D.V. Sadananda Gowda, State BJP incharge Muralidhar Rao, Opposition Leaders Jagadish Shettar and K.S. Eshwarappa, MLAs C.T. Ravi and R. Ashok, leaders Sogadu Shivanna and V. Somanna, MP B. Sriramulu and a host of other leaders, visited the Siddaganga Mutt and sought the blessings of centenarian Seer Dr. Sri Shivakumara Swamiji.

The leaders then had breakfast at a Dalit's house before embarking on the drought study tour in separate teams.

The Generic Muddle Unravelled !

Of late, there has been much discussion in the lay press about branded and generic drugs ever since reports started appearing in the media about doctors and hospitals swindling patients by making them buy costlier drugs when much cheaper ones are easily available in the market.

In yesterday's *Star of Mysore*, my friend **N. K. A. Ballal** has tried to bring out a comparison between branded and generic drugs. I appreciate his good intentioned gesture because this ongoing controversy has been creating much confusion in the minds of people who are led to believe that they are being cheated by some kind of a scam. Since many patients and their relatives now regularly ask me what this whole controversy is all about and since many of them even do not know the meaning of the terms: 'branded' and 'generic', I felt that it would be appropriate to use my writing space to clarify their doubts.

This is especially so because today there is hardly any household where someone or the other is not on regular medication. And, regular medication only comes at much expense that eats away a considerable part of the already much stretched monthly family budget. **Today if you live in a family where no one is on regular medication you can safely assume that you are living in paradise and thank God for keeping you there! What I am saying is no exaggeration because in this era of high costs and mounting expenses on one hand and single families on the other, with no one to look after the infirm and elderly, there is no greater asset than simple good health.** If you are still young, please ask someone in their twilight years to know what I mean.

Leaving aside the few seething rich amongst us who can afford anything and everything and who can hire people to look after them in their sickness and old age, the ordinary citizen can ill afford to grow old let alone fall sick. And when you fall sick there is no other option than to go to a doctor who prescribes medicines which he or she thinks are appropriate for the malady that afflicts and bothers you. Here comes the tricky part. The doctor who sees you can prescribe a medicine by writing its chemical name or its brand name on the prescription. For instance, he or she can write the chemical name as Tab Paracetamol 500mg or the brand name as Tab Calpol 500mg. The first constitutes the generic name and the latter the brand name and because of the traditional way of prescribing drugs over the years, most brand names are better known to most people.

Incidentally, it is easier for most people to remember brand names instead of generic names, most of which can be real tongue twisters if not complete jaw-breakers. **For instance, if you come to me complaining of loose motions and I ask you to go to the corner medical shop and buy yourself a tablet of Diiodochlorohydroxyquinoline instead of Bioquin or Ambizole I am sure that you will find yourself in a complete mess by the time I complete writing the prescription!**

Besides, how will you remember what to take the next time you or someone in your family falls sick with the same symptoms? Irrespective of which company manufactures the drug, the generic names cannot change and they remain more or less the same except sometimes as in the case of Paracetamol which may also be known as Acetaminophen. But the brand names can be anything coined by the company which wants to make its product well-known by it.

So when we talk of a drug by its brand name, we also talk of a drug with unquestionable quality if it happens to be manufactured by a reliable and reputed manufacturer. That is why, to ensure that you get a drug of good quality your doctor who has faith in a reputed company prescribes a drug by its brand name.

It is no doubt true that most branded medicines are considerably expensive. That is because as Ballal says, the companies that first introduced them would have spent billions on developing them and those amounts have to be recovered before the patents for their manufacture expire, allowing all other to start manufacturing them. Once you have a prescription from your doctor you have to head to your chemist to buy your medicines and here comes the trickier part.

If you have a prescription with the brand name of the drug the chemist is duty-bound to dispense that particular brand and you get a drug in which your doctor has faith. But if you have a prescription with only the generic name, your doctor has absolutely no control over the quality of what you get. The chemist you go to is at liberty to dispense a drug manufactured by any company irrespective of whether it is a reputed and reliable one or not.

What matters here for him is that to keep him legally safe the drug should be from a licensed manufacturer. Other considerations like getting himself a higher margin of profit can then take precedence over what you get out of the deal. It is not his responsibility to ensure its quality. The government should have done it.

But in our country where corruption rules the roost, any Tom, Dick and Harry can set up a drug manufacturing unit without anyone stepping in to ensure quality. That is why we have spurious drugs flooding our markets and many instances of people dying of their ill-effects.

It is a little like going to a grocery store and asking for detergent powder or cooking oil or instant coffee without mentioning its brand name. You should then be willing to accept whatever you grocer hands out and you can then be sure that he will naturally hand out only whatever reaps him the best profit. But do we allow this to happen? Never.

Now, when we do not allow this to happen with our groceries can we allow it to happen with the drugs on which our health and lives depend? Ask yourself.

[To be continued...'The murkier side of the muddle']

Tibetans take out silent march in city

Mysuru, May 19 (PM&KS)- Around 200 members of Regional Tibetan Women's Association and Tibetan Youth Congress, Bylakuppe, Hunsur and Kollegal, took out a peaceful protest march in city on Wednesday to observe the 22nd anniversary of the 'disappearance' of the 11th Panchen Lama.

The protestors, who assembled at Kote Anjaneyaswamy Temple, took out a silent march to the DC's office via Gandhi Square, Dufferin Clock Tower, Santhepet, Devaraj Urs Road, JLB Road and Hunsur Road.

Tenzin Dolma, President of the Regional Tibetan Women's Association, said that the rally marks the 22nd anniversary of the abduction and disappearance of the 11th Panchen Lama, Gedun Choekyi Nyima who was abducted by the Chinese government when he was only six- years-old.

She said that the Chinese Government must reply to the queries of Panchen Lama's whereabouts, his health and spiritual education and also, release him and all other political prisoners immediately.

The protestors urged the UN and the Chinese government to respect the rights and freedom of the Tibetan people.

They later submitted a memorandum, addressed to the Prime Minister, through the Deputy Commissioner.

Shift to friendly Post Office for better banking facilities

D. Shivaiah, Senior Superintendent

Mysuru, May 19 (NNN) - The public and private sector banks insisting on a minimum balance of Rs. 5,000 is causing concern for the common man whose salary could be a minimum of Rs. 10,000 or less.

The question that the ordinary man is asking is, how we can survive in these days of inflation and the rising costs of daily commodities, if banks demand that we keep Rs. 5,000 as minimum deposit. Is there no solution to this never-ending problem?

Just like in the past, the ever-reliable Post Office is coming to the rescue of the *aam admi.* All one needs to open a Post Office Savings Bank (POSB) account is Rs. 50, which will entitle you to a bank account and even an ATM card.

Speaking to *Star of Mysore,* Senior Superintendent of Post Office, Mysore Division, D. Shivaiah said that in the last one year 18,518 SB accounts have been opened in Mysore division and 4,350 ATM cards have been distributed. The account holders will get cheque facilities if they keep a minimum deposit of Rs. 500 only. Unlike in the past, the people who have accounts in other banks can withdraw money from Post Office ATMs, he added.

He stressed that unlike the banks where after five transactions Rs. 23 will be deducted as transaction charges, the Post Office will not deduct any amount and there is no limit on withdrawal of money. The interest rates the POSB is offering is also attractive when compared to the banks. The interest offered for senior citizens is 8.4 per cent for a five year fixed deposit which is very healthy when compared to the ones offered by public sector and private sector banks, he said.

In the current constrained scenario, if the common man shifts to Post Office Savings Bank, he would benefit far more than if he continues to bank with the public sector banks is the general feeling, said Shivaiah.

"We are ready for the challenge of more customers as we have always been customer-friendly," said Shivaiah, signing off with a smile.

Think no more, move to the friendly Post Office for better service and better interest rate.

Street plays mark International Child Helpline Day in city

Mysuru, May 19 (RKB&DM)- Street plays focussing on child safety, protection and rights marked International Child Helpline Day, jointly organised by Child Helpline Mysuru 1098, Rural Literacy and Health Programme (RLHP), ODP and Nisarga Foundation, in city recently.

Women and Child Welfare Department Deputy Director Radha launched the street plays at Gandhi Square.

More than 60 children from Shanthinagar and Kurimandi slums and RLHP took part in the plays that were performed at Nachanahalli Palya, Shanthinagar, Mandi Mohalla market and other places in city.

The play of 12-minute duration aimed at creating awareness on the importance of educating children besides spreading a message against pushing children to child labour, child marriages, atrocities against children, trafficking and sexual exploitation of children.

The plays also publicised Child Helpline No. 1098 by asking the members of the public to immediately call the free helpline whenever they come to know about crimes against children and their exploitation.

Child Protection Officer Nagaraj, Programme Co-ordinators Nagendra and Anil Kumar and others were present during the programme.

International Yoga Day on June 21

District Administration plans for mega show

Mysuru, May 19 (MTY&VNS)- The District Administration has plans to put up a mega yoga show on June 21 as part of International Yoga Day celebrations.

Addressing the preliminary meeting at his office, Deputy Commissioner D. Randeep said that this year the District Administration aimed to create a record by bringing more than 50,000 people at one place to demonstrate various yoga asanas.

Last year nearly 35,000 people had participated in the mass yoga programme held at Lucknow and the aim was to break this record, he said.

The mass yoga will be performed on the stretch from Hardinge Circle to D. Devaraja Urs Road and on Ashoka Road as well. Traffic on the entire stretch will be blocked from 6 am to 8 am to facilitate the programme. District level officials have been instructed to bring students from various schools and colleges, yoga institutions, NCC, NSS and others.

As part of the programme, the Department of Collegiate Education will get 2,000 students, DDPI – 10,000 students from Std 8-10, 10,000 Patanjali yoga students, 1,000 volunteers from Brahmakumaris, 1,000 from Vivekananda Yoga Institute, students from Government Yoga and Naturopathy College, Ayurveda College and MMC and RI, Engineering College, 15,000 volunteers from JSS Mahavidyapeeta, staff members of central institutions such as DFRL, CFTRI, RBI, RMP, Postal Service, Scouts and Guides and other associations.

District Administration will provide breakfast for all participants along with water. Organisers will erect three stages measuring 80ftx40ft for VVIPs and VIPs and two others for instructors. This apart, 25 LED lights will be put up at different locations for the benefit of the public participating in the event.

The organisers are yet to decide on the celebrity guests for the event. However, the officials present in the meeting suggested the names of Rahul Dravid, Saina Nehwal, P.V. Sindhu and actress Aindritha Rai for which the final decision will be taken in the days to come.

Nehru Yuva Kendra Co-ordinator M.N. Nataraj, Department of Tourism Deputy Director Janardhan, District AYUSH officer Dr. Seethalakshmi, DCP Rudramuni, Hotel Owners Association President Narayana Gowda, Mysore Travel Association President B.S. Prashanth, District Fire Officer Gururaj, GSS Foundation President D. Srihari, Yoga Instructor Kanchana Ganga and others were present on the occasion.

Parvathamma put on ventilator

Bengaluru, May 19- Parvathamma, film producer and wife of late Dr. Rajkumar, who is being treated at the M.S. Ramaiah hospital, was put on ventilator as she developed breathing difficulty.

She also suffered kidney failure and had to be put through dialysis, which was successful. Sources, said that the health condition of the 78-year-old had given rise for concerns and efforts were being made to improve her condition.

Her sons, Raghavendra Rajkumar, Shiva Rajkumar and Puneeth Rajkumar besides other members of the family are in the hospital. A number of film personalities and government officials visited the hospital yesterday and enquired about Parvathamma's health condition

The hospital management addressed the media persons in presence of Parvathamma's son this morning and requested media not to fall pray for false news being spread across social media stating Parvathamma was no more. The doctors said that she is undergoing treatment.

Actor Doddanna hospitalised

Bengaluru, May 19- Veteran actor and comedian Doddanna was shifted to a private hospital in Bengaluru following complaints of dehydration. The actor was shooting for a Telugu movie in Vijayapura when he fell ill. He was first admitted to AYUSH hospital in Vijayapura and later shifted to a Suguna Hospital at around 2.30 am today on request by his family members.

Sources, said that Doddanna's health condition was stable and he was out of danger. The veteran actor has acted in more than 500 films so far.

Kejriwal is involved in 'hawala scam': Kapil Mishra

New Delhi, May 19- Sacked Delhi Minister Kapil Mishra this morning alleged that Aam Aadmi Party Chief Arvind Kejriwal is connected to a 'hawala' scam, or money laundering scheme. Mishra further alleged that Kejriwal is making a Delhi businessman Mukesh Kumar — referred to in a video as Mukesh Sharma — the fall guy, by getting him to falsely claim he donated Rs. 2 crore to AAP.

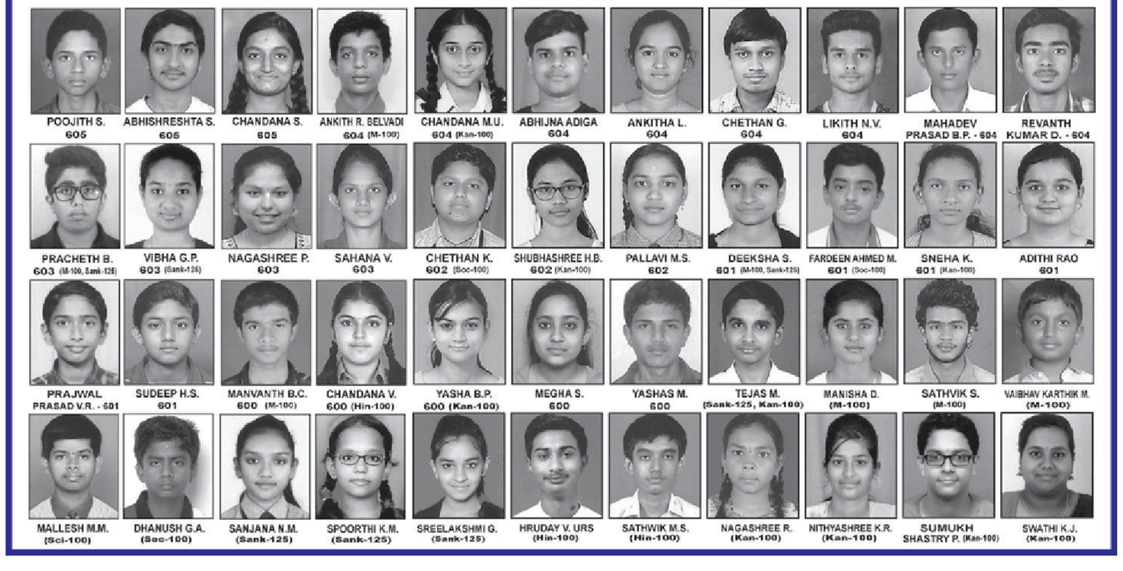
"This is all an elaborate ploy to launder money, to convert black money into white," Mishra alleged, adding that Kejriwal was the kingpin of this elaborate conspiracy.

On May 14, Mishra alleged that Rs. 2 crore through four cheques of Rs. 50 lakh each was transferred to AAP's coffers through four shell companies. Sharma or Kumar claimed yesterday he was the one who donated that money.

"I donated the money to AAP because I thought AAP has come into politics to serve the poor," Kumar or Sharma said in a video that was shared on Twitter yesterday. Mishra alleged that Kumar or Sharma wasn't telling the whole truth. "That video will come back to bite Kejriwal because I can show that Mukesh Kumar is the sacrificial lamb here and that he didn't donate Rs 2 crore", Mishra said.

The suspended AAP member then exhibited four letters — of unknown provenance — he claimed were letters of donation of Rs 50 lakh each to AAP. Of the four, he said, only two were signed by Sharma. "This implies that Sharma only donated Rs 1 crore. Where did the other Rs 1 crore come from," Mishra asked.

DINESH COACHING CENTRE



'Veena Gaana Sambhrama' at Nadabrahma on May 20 and 21

Vidu. Emani Kalyani

Shubha Santhosh

Mysuru, May 19 - The 6th annual 'Veena Gaana Sambhrama,' a two-day Veena festival organised by Nadabrahma Sangeetha Sabha, will be held on May 20 and 21 from 6 pm onwards.

This festival is held to commemorate the birth anniversary of Vidwan M.J. Sreenivasa Iyengar (1924 - 2013), who was one of the foremost exponents of Veena of the famed 'Mysore School of Veena playing', during the latter half of the 20th Century and an acclaimed guru.

This year's 'Veena Gana Sambhrama' features two Veena concerts, both being held at Mysuru Vasudevacharya Bhavana, JLB road, Lakshmipuram.

The concert on 20th will be given by **Vidu. Emani Kalyani,** daughter of the legendary artiste Emani Shankara Shastry, accompanied by **Vid. Anooru Ananthakrishna Sharma** and **Vid. G.S. Ramanujam**.

The concert on 21st will feature **Vidu. Shubha Santosh,** a rising star in the MJS School of Veena playing, accompanied by **Vid. A. Radhesh** and **Vid. Sharath Kaushik**. Both the concerts are open to music-lovers.

About the artistes

Vidushi Emani Kalyani Lakshminarayana, daughter and disciple of Mahamahopadhyaya Padmasri Emani Shankara Shastry, has been performing since the early seventies (first alongside his father) as a much-sought-after Veena artiste of eminence.

An A-Top artiste of AIR and DD, she has been performing regularly across the country and has travelled extensively over the globe, popularising and spreading the fragrance of Indian classical music.

She has been conferred with numerous awards including Lifetime Achievement Award by ZZZ Radio, Melbourne. She has been featured in the National Programme of Music and the Radio Sangeet Sammelan festivals of AIR & Doordarshan - Delhi and Chennai Kendras, quite often.

Vidushi Shubha Santhosh, a fast rising star in the classical music arena of Karnataka, belongs to the 'Mysuru Veena parampare' and is a firm link in the MJS (M.J. Sreenivasa Iyengar) style of performing. She has been tutored by late Vid. H. Srinivasa Murthachar and Vidu. Sudha Vadiraj, both disciples of Vid. MJS. Her musical skills have further been nurtured by Vid. H.S. Sudhindra, a name very dear to all the artistes of Karnataka.

A B-high artiste of AIR, Vidu. Shubha has been performing all over the State and at many places over the country, including Chennai and Mumbai. She has also recently performed at Auckland (New Zealand). As a student of Veena earlier, she had received scholarships from the Department of Culture, Government of India. She has won many awards including 'Ananya Pratibhe' and Lalitha Padmanabhan award from Narada Gana Sabha, Chennai.

Shubha is actively involved in the management of Suswaralaya College of Music, Bengaluru, headed by Vid. H.S. Sudhindra. She is also involved in conceptualisation and development of music for many Dasasahitya projects.

Shubhamangala Raghunandan to perform at RAAGA on Saturday

An accomplished vocalist, **Vidu. Shubhamangala Raghunandan** will be performing at RAAGA on Saturday (May 20) at 5.30 pm at Prajna Kuteera Ayurveda Centre, Vishwamanava Double Road, Kuvempunagar.

Hailing from the reputed Chintalapalli musical family, Shubhamangala is the daughter of Karnataka Kalashri Vid. G.A. Kumaraswamy (one of the Gudibande brothers) and Vijayalakshmi. She started learning music from her father at a very tender age and went on to perform Katcheris from her 14th year, winning the hearts of the music afficionados.

Shubhamangala is a Gold medallist in BA and MA with Music as her main subject. She is persuing her advanced music tutelage under *Ganakalabhushana* Vid. R.K. Padmanabha and Vid. Dr. Srikantam Nagendra Sastry.

A 'B High' graded artiste at the AIR (in both Karnatak and Devaranama categories), she is doing her Ph.D under the guidance of Dr. S.N. Susheela. She has performed in prestigious sabhas like Ananya, ISKCON, Indian Institute of World Culture, Ramaseva Mandali, Bharatiya Samagana Sabha, Nadabrahma Sangita Sabha etc.

On Saturday, she is being accompanied by a seasoned team of accompanyists — **Vid. Achyutha Rao** on the violin, **Vid. A. Radhesh** on the mrudangam and **Vid. S. Manjunath** on the ghatam.

Dr. N.V. Krishnamurthy, Director, Prajana Kuteera, will be giving a talk on Healthy Living through Ayurveda and Yoga from 4.30 pm to 5.15 pm at the same venue, preceding the concert.

For details contact Ph: 0821-2542069 or Mob: 9449703610.

Personality development camp for medicos at Suttur

Medical students at a prayer session during the personality development camp at Suttur Srikshetra.

Mysuru, May 19 - JSS Mahavidyapeetha in association with API, Mysuru and ACP, India Chapter, conducted a personality development camp for medical students at Suttur Srikshetra recently. About 200 medicos from JSS Medical College and MMC & RI attended the programme.

Sri Siddeshwara Swamiji of Jnanayogashrama, Vijayapura, while speaking on the role of spirituality in personality development, advised the students to inculcate spirituality in their life which will help them in getting the solutions to their problems in their day to day activities.

He wanted the students to be more spiritualistic than materialistic in life.

Deliberations in the camp included lectures on leadership qualities, communication skills, time management and punctuality, interpersonal relationships, stress management, medico-legal issues, ethics and secrets to become a successful doctor.

A lecture on role of clean environment for a healthy society by Dr. C.G. Betsurmath, Executive Secretary, JSS Mahavidyapeetha, prayer and yoga sessions were part of the programme.

Dr. B. Suresh, Vice-Chancellor, JSS University, emphasised the need for present day teachers to focus on overall development of students and not limit themselves to teach routine academic issues.

Earlier, Dr. M. Suresh Babu, Professor of Medicine, JSS Medical College and Programme Coordinator gave a brief introduction about the camp. Suttur Seer Sri Shivarathri Deshikendra Swamiji graced the occasion.

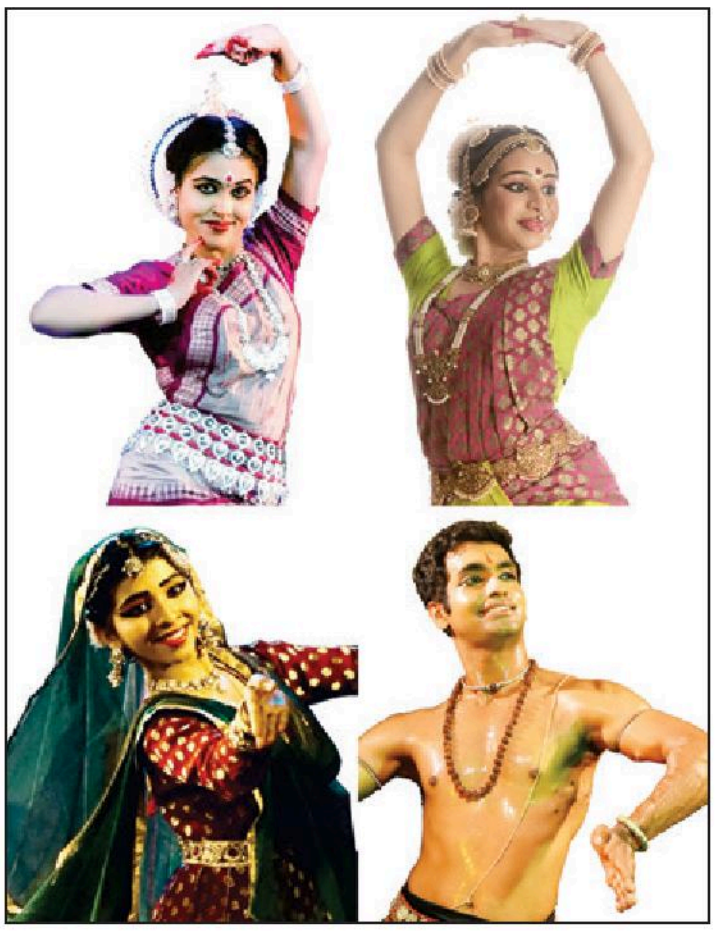
Rajashri Nalwadi Award for Venkoba Rao

Mysuru, May 19-Founder of city's Maithri School for Mentally Retarded Children and Janasangha activist Prof. Venkoba Rao has been chosen for Rajashri Nalwadi Award (2017).

Prof. Venkoba Rao, a short story writer with the pen name Srikantha, will receive the award at a programme to be held at Rotary Hall at 11 am on June 4.

The award is instituted by city-based Bharath Darshithwa Trust. For details call Mob: 98452-41614, according to a press release.

Articulate Festival-12 at Premier Convention Hall on May 21



Mysuru, May 19-Articulate Festival, coordinated by Mysore B. Nagaraj, is conducted on the 3rd Sunday of every month, at the Premier Convention Hall, Premier Studios, Jayalakshmipuram, Mysuru.

Accomplished Indian classical dancers both from India and abroad take part in this festival. On Sunday, 21st May, in its 12th series, three solo artistes and one mother-daughter duo are scheduled to perform in different styles starting at 6 pm.

Kshamitha Shastry will perform Kathak, **Sheethal Hemanth** will carry out Bharathanatyam style, **Kohal Das** will present Odissi solo while **Sonalika Purohit** and **Shrinika Purohit** will showcase Odissi duet.

Entry for the event is free. For details contact Festival Co-ordinator Nagaraj on Mob:9341288391.

Will it be Knight Riders or Mumbai Indians for the finals?

Bengaluru, May 19- A place in the IPL 2017 Final will be up for grabs when the Kolkata Knight Riders meet their nemesis Mumbai Indians in Qualifier 2 to be played at M. Chinnaswamy Stadium in Bengaluru later today.

MI finished the league season at the top of the table before they stumbled against Rising Pune Supergiant in Qualifier 1. MI, who had won nine of their first 11 matches, lost a bit of momentum in the last week; they have won only one of their last four matches and hence feature in this knockout clash. There are no reasons to be alarmed; MI will draw inspiration from knowing they took this same route when they won the title in 2013. They will believe they have what it takes to progress past this hurdle; they have all bases covered, and if they apply themselves well, they should compete.

KKR are in this contest by virtue of their win over Sunrisers Hyderabad in the Eliminator. KKR had the opportunity to top the table, but they lost their final league stage fixture against MI and had to settle for fourth place in the standings. KKR were brilliant, particularly with the ball, against SRH on Wednesday night and will go into this match full of confidence; they restricted a formidable SRH batting line-up to 129 and though they appeared to have pressed the panic button momentarily in the shortened run-chase, Gambhir steered them home calmly.

Only one of these two teams can progress to the title clash.

IPL Season-10

Today's Match
QUALIFIER - 2

MUMBAI INDIANS
Vs
KOLKATA Knight Riders

M. Chinnaswamy Stadium, Bengaluru, 8 pm.

ICC Champions Trophy 2017

Dinesh to replace injured Manish Pandey

Dinesh Karthik

Delhi, May 19- Tamil Nadu batsman Dinesh Karthik has been called in as replacement for injured Manish Pandey for the Champions Trophy starting from June 1.

Karthik played well in the IPL scoring 361 runs in 14 matches at an average of 36.10. He was an integral part of the Gujarat Lions middle order. He was also the best batsman in the last edition of Vijay Hazare Trophy 2016-17, scoring total of 607 runs from just 9 innings at with average of 86.71 and an impressive strike-rate of 102.01.

He was also a part of Indian team that had lifted the Champions Trophy in England in 2013.

India's group also includes Sri Lanka and South Africa, apart from Pakistan. India will start its campaign on June 4 against arch-rival Pakistan.

India retains top position in ICC Test rankings

Dubai, May 19- India retained their top position in ICC Test ranking with 123 points, a clear six point lead over second placed South Africa.

The Proteas (117 points) have reduced the gap with India to six points while nine points now separate third-ranked Australia from seventh-ranked Sri Lanka as per latest ICC release.

The 9th ranked Bangladesh trails eighth-ranked West Indies by six points. India have gained one ranking point while South Africa have leaped from 109 to 117 points. This jump means the pre-update gap of 13 points has now been trimmed to just six points.

While India and South Africa have made upward movements, Australia, England and Pakistan have headed in the opposite direction.

Australia have retained its third place but has plummeted from 108 points to 100 points, England have stayed in fourth position but have slipped to

99 points after conceding two points, whereas Pakistan have dropped behind New Zealand in sixth place after conceding four points to sit on 93 points.

Sri Lanka is seventh on 91 points (up by one), West Indies eighth on 75 points (up by five), Bangladesh ninth on 69 points (up by three) and Zimbabwe 10th with zero points (down by five).

No dengue scare in city

DHO, private labs lack co-ordination

Mysuru, May 19 (RKB&DM)- Maintaining that there is no dengue scare in city, District Vector Borne Diseases Control Officer Dr. S. Chidambara has said that 31 dengue cases have been reported from across the district from January 2017 till now.

Speaking to *Star of Mysore*, Dr. Chidambara said, out of the 262 blood samples tested, only 31 were positive for dengue and five for chikungunya. Out of 31 suspected dengue cases, 19 were reported from the city and the rest 12 from rural areas.

Noting that there were three dengue deaths in 2013, two of them in D. Salundi and one in Hunsur, Dr. Chidambara said no dengue deaths have been reported from anywhere in the district since then.

Asserting that deaths of dengue patients cannot be attributed to the disease alone, as there are other factors such as kidney failure, comardibility condition etc., that cause death, he said that all private hospitals and labs have been asked to mandatorily send blood test reports of suspected dengue and chikungunya cases to the District Surveillance Unit at the DHO Office.

Explaining the measures taken for preventing the outbreak of vector borne diseases, Dr. Chidambara said school children were involved in awareness programmes aimed at sensitising people on all the measures that are to be taken for killing mosquitoes, which are found to be the main carriers of the virus.

Replying to a question on the action taken for dengue control, he said that three rapid response teams have been formed, with each team touring the district in 10-day cycles, covering nearly 200 households every day in rural areas as well as urban areas. The team, comprising para-medical staff and a technician, will educate the public on maintaining hygiene to ensure that there is no open stagnant water, which are breeding ground for mosquitoes.

Dengue Awareness Month

Pointing out that July will be observed as Dengue Awareness Month, during which awareness Jathas will be taken out, Dr. Chidambara said National Dengue Day (May 16) will be observed in city on May 19.

Reiterating that there was no dengue scare in city, he said there was no cause for worry as all necessary measures have been taken to ensure that there is no outbreak of vector-borne diseases in the forthcoming monsoon months.

Rally marks National Dengue Day in city

Around 150 people including ASHA workers and officials of Department of Health and Family Welfare took out a rally in city this morning to mark National Dengue Day. The rally, which began from Jalapuri Primary Health Centre, passed through the streets of Gayathripuram to create awareness among the public regarding the spread of dengue and precautions to be taken. The marchers, holding placards, urged the citizens to keep their surroundings clean and tidy.

Lab reports

Meanwhile, *Star of Mysore* visited a few labs and learnt that a lab in the heart of the city had received 43 blood samples during this month, out of which nine tested positive. Out of the 10 blood samples for suspected dengue, an average two will test positive. However, the number of positive cases had fallen this year when compared to previous years, when it was found that almost four of the ten samples tested positive.

Lab sources said that dengue is classified under three categories, based on antigens — NS1, IgG and IgM, out of which NSI is the most critical.

Admitting that the DHO had sent a directive a couple of years ago on sending all blood samples related to suspected dengue and other vector-borne disease cases to the DHO, the sources also said they were confused as there was no clarity in the method and mode of dispatch of the blood samples.

A staff of a diagnostic centre in the city blamed the Health Department for lack of correspondence on sending blood samples to the DHO.

Pointing out they were unaware of the exact procedure for sending the blood samples to the DHO, the staff maintained that there was lack of co-ordination between labs and the Health Department. However, the labs were ready to share information with the Health Department if there was proper channel, he said.

Meanwhile, it is alleged that the District Administration is not making much efforts to prevent the spread of vector borne diseases, especially when monsoon is round the corner.

A doctor on condition of anonymity said that dengue could be eradicated by a systematic and sustained campaign and the only thing needed was will power.

He further said that with monsoon round the corner, the District Administration needs to take pre-cautionary measures for eliminating mosquito menace and practical measures for ensuring hygienic conditions to keep mosquitoes away.

How dengue spreads

Dengue spreads from one person to another by mosquito species named Aedes Aegypti. High fever coupled with headache, pain behind eye balls, severe pain in muscles and joints are the symptoms of this deadly disease. If untreated at an early stage, the disease intensifies, causing bleeding from the mouth, nose and jaws and sometimes even from the skin.

Non-bailable warrant issued against Minister Lad

Bengaluru, May 19- The 42nd ACM Court here on Thursday, issued a non-bailable warrant against Labour Minister Santosh Lad in connection with a cheque bounce case.

Cine Producer and actor Rockline Venkatesh had filed a case against Santosh Lad at Upparpet Police Station in 2015, accusing the Minister of failing to repay the loan he had reportedly taken. But Santosh had repeatedly failed to appear in the Court whenever the case came up for hearing. On Thursday the 42nd ACM Court issued a non-bailable warrant against Santosh Lad, asking him to personally appear in the court on May 22.

Two-wheeler lifter held

Three vehicles worth Rs. 1.5 lakh recovered

Mysuru, May 19 (KS)- The City Crime Branch (CCB) Police on May 16, took a person into their custody who was trying to sell a Pulsar bike near BK Auto Consultant on Mission Hospital Road in Mandi Mohalla here.

On interrogating the person, the Police came to know that he along with another person had lifted two bikes in K.R. Police limits and another bike in Lakshmipuram Police limits, following which the Police arrested him and have launched a hunt to nab his accomplices who is absconding.

The accused has been identified as 20-year-old Syed Khasif, a resident of Neelakanta Nagar in Nanjangud.

Based on the information provided by the accused, the Police have recovered one TVS Apache bike, one Bajaj Pulsar bike and one Honda Dio scooter worth Rs. 1.5 lakh from him.

Cricket betting

Bookie arrested, Rs. 3,700 cash, mobile phone, two-wheeler seized

Mysuru, May 19 (KS) - The City Crime Branch (CCB) Police, acting on a tip off on May 17, raided a public place near Vittala Dhama in JP Nagar here and arrested a bookie who was indulging in cricket betting and seized Rs. 3,700 cash, five ATM cards, a mobile phone, a Honda Activa scooter and other items from him.

The arrested bookie has been identified as 40-year-old V. Srikantveer of Janatha Layout in JP Nagar.

A case has already been registered against Srikantveer in Vidyaranyapuram Police Station.

CCB ACP C. Gopal supervised CCB Inspector J.C. Raju, Vidyaranyapuram Inspector J.C. Raghu, CCB ASIs L. Subash Chandra and R. Raju and others in the raid, nabbing and seizing operation.

Red Sander logs seized, 2 arrested

Mysuru, May 19 (KS)- The Madikeri CID Forest unit Inspector H.R. Dharanendra and staff, on May 16, raided a farm in Palahalli village in Srirangapatna taluk, where 10.99 CFT of Red Sander logs, worth about Rs. 80 lakh were stored illegally and have arrested two persons besides seizing the logs.

The arrested persons have been identified as Ganesh and Santosh.

Forest Unit SI N.P. Harish, Chikkarajashetty, Mysuru CID Forest Unit staff Venkatachala, M.B. Ramesh, Narasimhamurthy, T.R. Raghu, Cheluvaraju, Manjunath and Pradeep, took part in the raid, nabbing and seizing operation.

Unidentified body found

Mandya, May 19 (KS)- The Mandya Police, on May 8, 2016, had found a body of an unidentified person, whose face has been disfigured, on the bullock cart path on the way from Konanahalli village to Konanahalli Lake in Mandya district.

The unidentified person, who is between 30 and 35 years of age is 5.11ft. tall, wheatish complexioned, sports 'Singam' style moustache, has the name 'Pavithra' tattooed and a scar on his right hand, has the name 'Radri' tattooed on the right portion of his chest and was wearing a cement coloured full arm shirt, a black thread tied around his right wrist and right leg, a ear stud on his right ear and a imitation chain around his neck

Though the case has been registered a year ago, the person has not been identified.

The kith and kin of the deceased, if any, may contact Mandya Rural Circle Office on Ph: 08232-221107 or Mob: 94808-04831 or Mandya Rural Police Station: 08232-224200, according to a press release.

Two youths killed in accident in Maddur

Maddur, May 19 (NG&BCT)- Two employees of a coffee chain were killed on the spot when their bike rammed against a parked lorry near Maddur KSRTC Bus Stand on the Mysuru-Bengaluru Highway last night.

Ajith *Umesh*

The accident victims have been identified as 33-year-old Ajith and 36-year-old Umesh, both employees of Coffee Day in Maddur. Both of them were heading towards their work place for the night shift at around 11.30 pm.

According to the Police, the youths could not see the parked lorry and rammed the bike against the heavy vehicle. It was not clear who was riding the bike. The impact of the accident was such that both Ajith and Umesh were killed on the spot.

Seeing the accident, some passers-by informed the Police. While Umesh was the son of Ramesh, Ajith was the son of Kishore Kumar of Maddur.

Newly-wed woman attempts suicide; husband arrested

Chamarajanagar, (SS&BCT) - A newly-married woman attempted suicide by setting herself on fire on the KSRTC Depot premises in Chamarajanagar yesterday. The Police have now arrested the woman's husband.

Srinivas *Rakshitha*

The woman has been identified as 21-year-old Rakshitha, daughter of Ramegowda. She was pursuing her final year engineering at Bedarapura in Chamarajanagar. A resident of 8th Cross at Gangothri Layout in Mysuru, Rakshitha used to travel daily from Mysuru to Chamarajanagar.

She befriended bus driver-cum-conductor Srinivas during her commute to the college and the both fell in love. Their relationship was, however, not accepted by their parents as both of them belonged to different castes. Despite this, they got married four months ago amidst much opposition from their family members.

After marriage, Rakshitha continued to stay at her parent's house as Ramegowda was unwell. She visited the KSRTC depot yesterday along with her father and made enquiries about Srinivas. On not finding Srinivas, she is believed to have panicked and told her father she would go to the toilet and return. She tried to immolate herself using petrol near the toilet.

Hearing her screams, Ramegowda rushed near the toilet and tried to extinguish the fire and in the process sustained injuries. Seeing this, passersby doused the fire and admitted Ramegowda and Rakshitha to the hospital. Rakshitha was shifted to K.R Hospital in Mysuru as her condition was critical.

Rakshitha's parents claimed that their daughter tried to end her life due to harassment meted out by her husband. Her mother has also alleged that some unidentified person, based on the instructions from Srinivas, had poured petrol on her daughter and set her on fire. The Police have now arrested Srinivas and investigations are on.

Obituary

Prof. K.S. Saroja

Mysuru, May 19 - Prof. K.S. Saroja (84), retired professor and a resident of Saraswathipuram, passed away at her residence here this morning following brief illness.

She leaves behind her family members including her brother K.S. Sham Mohan, Retd. Deputy Drug Controller. She is the sister-in-law of Retired DIG and IGP S.N.S. Murthy.

Prof. Saroja served as the Statistics Professor at Marimallappa's College and has guided several students and professionals.

Last rites will be held at the foot of Chamundi Hill at 10.30 am tomorrow, according to family sources.

DC submits report a month back

(Continued from page 1)

The DC further said that in the interests of the residents of the layouts and the property owners, the Revenue Minister can hold consultations with the Chief Secretary, Principal Secretaries of Revenue and Legal Departments and arrive at a solution for this long-pending problem.

He said that while recording his observations in the report, he had checked all the relevant documents of Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41. "I have recommended to the government to solve the issues of the layouts formed by MUDA," he said and added that based on his report and the report of the Regional Commissioner, the Chief Minister could call a meeting and take a final decision.

DC Randeep said that there has been no exchange of letters between him and the government in this regard after he submitted his report and added that he could not reveal the entire contents of the report as it was confidential.

Meetings held in January-March, 2017

It may be recalled here that on Jan. 17, 2017 Chief Minister Siddharamaiah had directed the secretaries of Urban Development and Revenue Departments to resolve "B-Kharab" issue at the earliest. Chairing a high-level meeting, the CM directed the officials to take steps to drop the "B-Kharab" classification of the land.

Drawing Siddharamaiah's attention towards the issue, Krishnaraja MLA M.K. Somashekar said that complete stoppage of Government actions regarding land records pertaining to Kurubarahalli Survey No. 4 and Alanahalli Survey No. 41 since more than 3 years has caused great difficulties to the families of property owners.

On Mar. 4, 2017 MLA Somashekar had conducted a 'Public Grievance Meeting' at CITB Choultry at Siddarthanagar to hear the problems of residents of Kurubarahalli, J.C. Nagar, K.C. Nagar and Siddarthanagar and had assured the residents that the issue of 'khatas' will be solved within three months. This period of assurance will end next month on 4th of June 2017.

UP govt. got funds to waive farm loans,

says Prof.B.K. Chandrashekar

Former Minister B.K. Chandrasekhar is seen addressing press persons in city yesterday as City Congress President R. Murthy, District President Dr. B.J. Vijaykumar and MyLac Chairman H.A. Venkatesh look on.

Mysuru, May 19 (PM&DM)- Accusing BJP and JD(S) leaders of taking up farmer issues only for political gains and for targeting CM Siddharamaiah, former Minister B.K. Chandrasekhar said that both the parties were aware that no State Government can waive farm loans.

Addressing media persons here yesterday, Chandrasekhar said the BJP leaders have taken up drought study tour and agrarian issues after the party lost the Nanjangud and Gundlupet by-polls.

Maintaining that the BJP leaders have no moral right to blame the State Government in connection with the loan waiver, he stressed that farmer issues should not be politicised for any reason.

Pointing out that instead of blaming each other, all political parties should come together and exert pressure on the Union Government to address agrarian issues, Chandrasekhar asserted that it is possible only for the Union Government to waive farm loans.

Noting that no State in the country except Uttar Pradesh, has waived farm loans, the former Minister claimed that UP Chief Minister Yogi Adityanath announced waiver of Rs. 36,000 crore farmers' loan as the State had other sources of income coupled with generous support by the Union Government.

He also urged the Centre to commence an emergency Parliament Session to discuss agrarian issues and find ways to address the problems of farmers.

Referring to senior Congress leader and former MP A.H. Vishwanath imminent exit from the party, Prof. Chandrasekhar said Vishwanath is with the Congress party right now. If Vishwanath had any problems with the party, he should have discussed it within party circles, he said and added that Vishwanath was attempting to defame the party by going to the media.

Maintaining that he had a lot of respect for Vishwanath, Chandrasekhar, however, said it was not correct on the part of the senior leader to go to the media and making statements that hurt the image of Congress.

When asked about the choice of KPCC President, he only said that there was a process in the selection of KPCC President and only time will tell whether Dr. G. Parameshwara will continue as KPCC President or not.

City Congress President R. Murthy, District President Dr. B.J. Vijaykumar, MyLac & Paints Chairman H.A. Venkatesh, former Corporator Shivanna and others were present at the press meet.

Luscious

Meaning: Having a delicious sweet taste or smell.

Examples: "Stockman's abstract paintings ... are simple yet luscious, with thick, sensuous, curved shapes in intense, vibrating hues." — Steffie Nelson, W, February 2017.

"His exhortations of umami—that luscious, satisfying flavor, not exactly savory or sweet or sour or bitter, that the Japanese were the first to identify—whetted my curiosity. One night at dinner, a chef prepared a special batch of dashi—the umami-drenched base stock of Japanese soups—before my eyes, so I could observe and taste its alchemy as it brewed." — Liesl Schillinger, Vogue, March 2017.

Origin: Have you ever heard a young child say something is "licius" when he or she really means it's "delicious"? Back in the Middle Ages, the word licius was sometimes used as a shortened form of delicious by adults and kids alike. Linguists believe that luscious developed when licius was further altered to lucius by 15th-century speakers. Both words ultimately derive from the Latin verb delicere, meaning "to entice by charm or attraction."

THE ODD WORD

Futz

To waste time or busy oneself aimlessly.

PHRASE OF THE DAY

Main chance

Meaning: The most important issue.

Origin: We now use this phrase as part of 'an eye for the main chance', referring to someone who is ambitious and eager to promote their own advancement. The first known use of it in print is in John Lyly's, Euphues, the anatomy of wyt, 1579: "Either content yourself with my choice, or lette mee stande to the maine chaunce."

Shakespeare used it soon afterwards in Henry VI Part 2, 1592: WARWICK:

There is a history in all men's lives,
Figuring the nature of the times deceased;
The which observed, a man may prophesy,
With a near aim, of the main chance of things
As yet not come to life, which in their seeds
And weak beginnings lie intreasured.
Such things become the hatch and brood of time;
And by the necessary form of this
King Richard might create a perfect guess
That great Northumberland, then false to him,
Would of that seed grow to a greater falseness;
Which should not find a ground to root upon,
Unless on you.

QUOTE BOX

What then is freedom? The power to live as one wishes.

—Marcus Tullius Cicero

RIDDLE THIS

Mad about money my name might suggest
but good taste about nothing describes me the best... What am I?

Answer: A Donut.

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

LT ANX DQIYXJII KVNKTI DAHJI LJ UA GJKUZ; Y
